Petrol Lawnmower Guide

I don't necessarily think there is a best make of petrol lawnmower as a guide choose one with a branded engine and deck make sure it's not plastic also. The Honda And Hayter lawnmowers are excellent quality and nearly always have excellent components throughout.

12 Tips For Buying A New Petrol Lawnmower - A Buyers Guide ...

Modern lawn mowers are known as 'rotary mowers' consist of a small petrol motor which spins a horizontal blade at high speed to cut grass on contact. Most motors are four stroke and use minimal unleaded fuel. The blade is safely contained in what's known as a deck, which also stops the cut grass, stones and sticks from being flung about.

Petrol lawnmower buying guide - advice.manomano.co.uk

Petrol Lawnmowers Buyers Guide. Petrol lawnmowers are now becoming more popular with gardeners as they become cheaper to purchase and easier to look after. Most modern petrol mowers use standard unleaded petrol straight from the pump, so no more mixing up fuel for 2 stroke engines. The main benefit is that a petrol mower can go anywhere - it is not tied to a power outlet, and it can also generally cope with longer grass due to the extra power.

Petrol Lawn Mowers - Buyers Guide

The general rule we recommend when choosing a mower is to consider your lawn area. If your lawn is around 500-600 square metres then opt for a petrol power lawn mower. Also consider storage as petrol mowers will need more storage than an electric hover mower for example. Who doesn't love the look and smell of freshly mown grass?
